home!

KITTY

BUBBLES

The RSPCA is the UK's number one animal welfare charity; they will find any animal in trouble or in need and take them in their open arms and offer the poor creatures a new home. If it is a dog, cat, donkey, horse, rabbit, guinea pig... you name it... they will take care of it. Tilly has two cats called bubbles and kitty from the RSPCA.

### Jack's Story

Jack (the horse) was abandoned in a field and of course the RSPCA came help! The field Jack had been abandoned in had no water or shelter. He had a serious condition and was in serious need of help. This is what the RSPCA man Rohan said:

"This poor horse had been mysteriously dumped at stables in Furnace, in Llanelli, in a really bad way. His ribs and spine were visible, and he was badly emaciated. A veterinary examination confirmed what he was suffering. It was just miserable to witness".

Jack was shipped off to a safer place where he could be cared for better.

Jack was adopted by a lovely lady called Tina. Tina loves Jack and says he was "a perfect addition to the family".

# THE MANOR MYSTERY

By Olivia T, Ellie T & Milly H

Once upon a time, in The Manor Library, a book started shaking and fell on the floor. The pages flew open and a pair of glasses and a broomstick appeared, then a human named Barry Hotter popped out! He was wearing a red, black and yellow cloak with round glasses and a brown wand. Then a girl with brown curly hair called Hermione popped out. Then a boy with bright red hair called Won popped out. They wandered around the library; "Where are we?" they said. "It looks like we are in a school library" said Hermione.

The book started to rustle again and a green face emerged. "Quick, let's hide," whispered Hermione. They crept behind the bookshelf. "We must have come out of the book!" Hermione said. "You're right" said Barry Hotter. "Look we're not in the book anymore. There are spaces where our names were" said Won.

The book gave a big POOFFF and Moldywart appeared followed by Lellitrix Lestrangle. Then a big furry body climbed out. A werewolf howl filled the room. Everybody froze in shock. Then a fight broke out. Mixed shouts of spells echoed around the library. "Stupify," Lellitrix screamed and then collapsed, petrified. Hermione was also petrified; it was just Barry, Won, Lellitrix and Moldywart left...

Just then the door flung open and Mrs Mentzel appeared. She whacked them each with a book and by yelling "Cakiouls Stikylios" made them go back in the book that they started in!!!

## RIDDLES FOR THE BRAVE AND SMART

**You're being chased by a vampire and it's dark. You find yourself trapped in a house; the vampire can't get in, but you can't hide there forever. There are three exits. The Vampire is at one door, the second has a raging fire that will kill you instantly and the last has a curse which will kill you too. How do you get out?**

**You're in the south pole and there are people after you. There are two caves you could hide in; one with a polar bear in, and another with a gas that will choke you. Which one do you choose?**

Wait until it is day and then get out of first door because Vampires can't survive in daylight!  
Go into the first cave because there are no polar bears in the south pole!
